

About Seasons of Culture 26 Nature: Explore & Experience

Summary
Seasons of Culture offers one-off funding for organisations, community or voluntary groups to explore & experience creative activities in blue & green spaces. Funded by West Yorkshire Combined Authority and Leeds City Council, the programme aims to help more people connect with the natural environment through arts and cultural activity in local green and blue spaces such as parks, rivers, canals, and woodlands. We are looking to support activities and trips that engage with creative activities through the themes of nature, sustainability and climate resilience in outdoor spaces. Funding can be requested for trips to nature-themed performances, exhibitions, and participatory events in green and blue spaces such as parks, riversides and nature reserves. We are particularly keen to support activities that reflect the creative and cultural diversity of Leeds. This includes activities by, with or for those with protected characteristics and those living in the most disadvantaged areas of the city.

UK Subsidy Control

This grant will be classed as subsidy, if you are successful Leeds City Council must complete an additional financial assessment as part of the UK Subsidy Control. Please see information below, additional advice will be given if your application is successful

Leeds City Council considers most grant funding from its Cultural Investment Programme will be a subsidy as defined under the Subsidy Control Act 2022 ("the Act") and will be subject to the conditions in the Act. If your application is successful, it may be awarded under the Minimal Financial Assistance (MFA) exemption of the Act; the MFA exemption permits an organisation to receive up to £315,000 total MFA funding from all sources, within any three financial year period. In this case you will be sent a declaration form to notify us of any previous MFA funding you have received so far in the current financial year and the preceding two financial years, and to confirm that the proposed grant from Leeds City Council will not take you over your £315,000 MFA limit. If the grant would take you over the MFA limit, then Leeds City Council will have to carry out a further assessment of your eligibility under the Act to receive this funding.
